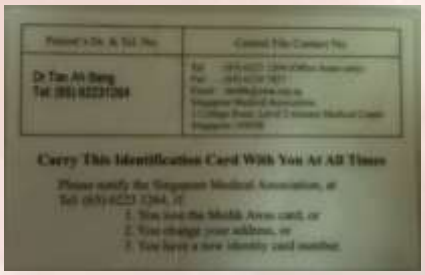
THE CARD THAT MAY JUST

SAVE YOUR LIFE



If you are in a medical emergency, the knowledge of your current medication and allergies can be the KEY to saving your life

- ✓ Are you allergic to any drug?
- ✓ Are you suffering from a chronic disease, like bleeding tendency or diabetes?
- ✓ Are you on Long-Term Medication such as steroids or anticoagulant?

If you answer **YES** to any of the above questions, then you should carry the Medik Awas Identification Card. If you are unable to tell your medical history after an accident or sudden illness, this card will have the information they need.

ASK NOW about Medik Awas through your family doctor.

Call 62231264 for more information or visit our website at
