THE ANNUAL Lawyer-Doctor Networking Session 2013 was held on 29 November last year at the headquarters of one of Southeast Asia's most established car retailers, Wearnes Automotive. The event was jointly organised by the Association of Women Doctors (Singapore), Law Society of Singapore, Singapore Corporate Counsel Association and SMA; and its main sponsors were Wearnes, The Glenrothes and Brown Brothers.

Doctors and lawyers spent the night socialising over drinks and buffet delicacies. In addition, they enjoyed the opportunity to test drive the latest Jaguar and Range Rover car models. Each attendee also received a goodie bag, courtesy of *Prestige* magazine, Samsung, TM Lewin, Prive Clinic and Skin Inc. It was indeed a memorable night for guests to network and develop new friendships.

A lucky draw was held after the event. Three winners won a three-day and two-night extended test-drive for an exciting range of cars, including the Jaguar F-Type and the newly launched Range Rover Sport. They also received a Jaguar Land Rover golf bag each, along with bottles of Glenrothes 1998, Glenrothes 2001 and Brown Brothers' Patricia Shiraz wine respectively. **SMA**
