

This workshop will touch on the important concepts of professionalism, allowing participants to acquire relevant skills and gain a deeper understanding on this subject. Topics to be covered include collegiality, conflict of interest, confidentiality and privacy, doctor-patient relationships, professional accountability and governance, and ethical case analysis.

The target audience are clinical directors, heads of departments, programme directors and core faculty of residency programmes, faculty who teach and evaluate residents and medical students in the area of professionalism and clinical ethics, leaders of professional organisations, and members of ethics and complaints committees.
