

HCA Hospice Care (HCA) is the largest home hospice provider in Singapore. HCA has been recognised as a 'Centre of Specialisation' by the National Council of Social Services (NCSS). Our specialised multidisciplinary teams are on call round-the-clock, making about 34,000 home visits a year and serving an average of 3,500 patients annually.

We invite dedicated individuals who are ready to make a difference and be part of a greater purpose to join us as:

Doctor

You will be responsible for providing palliative care to patients assigned to you. Such care includes patient assessment, patient care planning, implementing and monitoring of symptom management. You will be involved in training and orientation of other medical professionals who may be attached to HCA from time to time. You will also represent HCA in dealing with other institutions/agencies and participate in community programmes to create awareness of HCA's work to the community and institutions/agencies.

You are encouraged to initiate and participate in continual learning and development programmes that may also include research or quality improvement projects. Training opportunities are also widely available, either at diploma or specialist levels.

You will be on a 5-day workweek. However, you will be required to undertake on-call responsibilities outside normal working hours.

Requirements:

- MBBS Degree registrable with the Singapore Medical Council
- At least two years of clinical experience as a doctor
- Post-grad qualifications or prior experience in other related disciplines e.g. Family Medicine, Oncology, Internal Medicine, Paediatrics or Geriatrics will be useful

Interested applicants are invited to submit the following to **humanresources@hcahospicecare.org.sg**:

- Detailed curriculum vitae with a recent passport-size photograph
- Salary expectations
- Two references which are your ex-supervisors or co-workers who can comment on your suitability for the position
