

Tengah General and Community Hospital

Nestled in the heart of Tengah Forest Town, the new Tengah General and Community Hospital (TGCH) will be an exciting and innovative health campus with a comprehensive range of clinical specialties and healthcare services including emergency, inpatient, rehabilitative and outpatient specialist care.

As part of National University Health System (NUHS) cluster, this state-of-the-art facility is slated to be ready by early 2030s.

Intricately connected with the surrounding community, TGCH offers you the opportunity to create a healthcare facility of the future, tightly integrated with the residents and nature. As a people-focused organisation, we believe in respect and recognition. By harnessing the passion and strength of our team and putting them at the core of our culture, we create a nurturing environment to excel and deliver fulfilling care.

Be part of our groundbreaking team to bring our vision to life – a hospital in a forest, and a healing oasis within the hospital.

Senior Consultant / Consultant with Clinical Lead Appointment (Tengah General and Community Hospital)

We invite outstanding clinician leaders to join us as Senior Consultant / Consultant with Clinical Lead appointment at the Tengah General and Community Hospital (TGCH).

This is an opportunity to play a role in a greenfield hospital, where clinical excellence, innovation, and system level transformation converge.

Job Responsibilities:

As a Senior Consultant / Consultant, you will provide exemplary specialist clinical care while contributing to teaching, mentoring, and service excellence, in alignment with the policies and standards of the National University Health System (NUHS) and the Ministry of Health (MOH).

As a Clinical Lead, you will be at the forefront of building TGCH from the ground up, partnering clinical, operational, and leadership teams to:

- Design, plan and operationalise a modern, integrated healthcare campus focused on patient centred and value based care
- Lead service development and clinical governance, ensuring high standards of quality, safety, and outcomes
- Drive innovation and transformation, translating emerging healthcare trends into scalable clinical models
- Build and inspire high performing teams, recruiting and nurturing committed clinicians aligned with TGCH's mission and values
- Influence strategic decisions across patient flows, workforce models, facilities, and digital health initiatives

This role offers a unique platform to shape care delivery for an emerging population hub, while leaving a lasting legacy in Singapore's public healthcare system.

Who we are looking for:

We welcome applications from clinicians who demonstrate both clinical excellence and leadership ambition, and who are motivated to shape the future of healthcare.

- Active clinical practice with strong independent decision making capability
- A track record in patient care, teaching, and/or research within a multidisciplinary environment
- Full registration with the Singapore Medical Council (SMC)
- Specialist accreditation and postgraduate qualifications recognised by the Specialists Accreditation Board (SAB)
- Experience or strong interest in hospital development, major operational implementations, or large scale healthcare projects
- A passion for healthcare transformation, coupled with intellectual curiosity and systems thinking
- Strong leadership, communication, and stakeholder engagement skills
- Ability to navigate complexity, manage resources, and make sound decisions in a dynamic environment

Appointment will be commensurate with experience and qualifications.

Why join TGCH?

- Be part of a once in a generation hospital development
- Influence how care is delivered, not just where it happens
- Work alongside committed clinicians, administrators, and partners with a shared purpose
- Grow as a clinician leader within the NUHS ecosystem

You are invited to email your curriculum vitae detailing your professional qualifications and clinical experiences, 2 character referees, email and contact numbers to tengahhr@nuhs.edu.sg

We regret that only shortlisted candidates will be notified.
